

Leading the Way in Megapixel Video™

May 4, 2018

Dear Arecont Vision® customer,

Most Arecont Vision products are Made in USA and may be treated as a domestic end user product for purposes of the Buy American Act (41 USC §§ 8301-305). Many Arecont Vision products are also FTC Made in USA compliant, and the company is a registered US Federal Contractor.

Arecont Vision is a US-based company. Engineering, product development, final assembly, quality control, and support are located at our facilities and headquarters in Glendale, Los Angeles County, California.

Specifics of our Made in USA qualified and non-qualified products are listed below.

COMPLIANT PRODUCTS

Cameras

- **Arecont Vision Mega™-series cameras** including the MegaBall®, MegaDome®, MegaView®, MicroDome®, and SurroundVideo® families are 51-65% United States origin, varying on the mix of electronics, optics, and mechanical hardware to quality as Made in USA.

Camera Components

- **PCB Assembly Labor:** All electronics sold in our Mega series contain 100% US assembly labor by virtue of their assembly in Los Angeles county in the state of California and programming at our facilities and headquarters in Glendale, California.
- **Final Assembly Labor:** Our Mega series final assembly labor qualifies as 100% US assembly labor by virtue of final camera assembly performed at our facilities and headquarters in Glendale, California.
- **Research and Development:** All hardware research, digital design, firmware design, and development work for our Mega series is 100% performed in the United States at our facilities and headquarters in Glendale, California.

NON-COMPLIANT PRODUCTS

Cameras

- **Arecont Vision Mega™-series** MicroBullet™ is based on Arecont Vision's US-developed design and architecture, however all models are assembled outside of the United States.
- **Arecont Vision Contera®-series** cameras are based on Arecont Vision specifications and integrate the Arecont Vision user interface and API, but are designed and assembled outside the US.

Accessories

- **Accessories** including all stand-alone housings, mounts, and lenses are 100% of foreign origin.
